

## Other Online Solutions Available from Taylor & Francis

### Taylor & Francis Social Science & Humanities (SSH) Library

Enrich your library's collection with high-quality journals published under the Routledge and Psychology Press imprints. The SSH Library features current content from over 1,000 titles in the fields of **Arts, Humanities, Education, Behavioral and Social Sciences**.

For more information visit: [www.tandf.co.uk/libsite/tandflibrary](http://www.tandf.co.uk/libsite/tandflibrary)

### New Launch Free Trial

Taylor & Francis is committed to supporting new research areas by launching journals in developing fields. Purchase the Taylor & Francis Library and receive a free trial to all content in volumes 1 & 2:

[www.tandf.co.uk/libsite/productInfo/journals/tandflibrary/newlaunch](http://www.tandf.co.uk/libsite/productInfo/journals/tandflibrary/newlaunch)

### Taylor & Francis FRESH Journal Collection

Taylor & Francis Library customers can licence all content in volumes 3-7 as a complete collection at a significant saving on list price. For further details please visit:

[www.tandf.co.uk/libsite/productInfo/journals/fresh](http://www.tandf.co.uk/libsite/productInfo/journals/fresh)

### Subject-Specific Online Journal Packages

► Available in 19 disciplines

#### Current Content

#### Taylor & Francis Online Collections

If yours is a specialist library, or you are planning to build content in a particular field, choose from our online subject-specific journal collections featuring content from the present day back to 1997, where available.

For more information, please visit:

[www.tandf.co.uk/libsite/subjectcollections](http://www.tandf.co.uk/libsite/subjectcollections)

#### Backfile Content

#### Taylor & Francis Online Archive

Explore 198 years of academic excellence. Provide access to ground-breaking backfile content to your users with content published from 1996 back to the very first volume, available to purchase by subject area.

To find out more, visit: [www.tandf.co.uk/libsite/archive.asp](http://www.tandf.co.uk/libsite/archive.asp)

### Title-by-Title Subscriptions

Tailor your collection on a title-by-title basis with a choice of print and online or online-only subscriptions featuring content from 1997 to the present day. Our online price lists can be found at: [www.tandf.co.uk/libsite/custserv/pricelists.asp](http://www.tandf.co.uk/libsite/custserv/pricelists.asp)

New

### Title-by-Title Archive

Institutional customers can now extend their subscription to include the complete archive of a single journal. This will allow you to tailor the content you provide to your researchers and spend more efficiently.

### Taylor & Francis Online

Our new online platform's clean, intuitive user interface enhances discoverability for all Taylor & Francis journals and reference works.

- **Manage** authentication with a choice of options
- **Download** usage statistics – track usage in your library
- **Add** details of your link resolver
- **Brand the website** – insert your library's logo
- **Enjoy knowledge on the move** with our smartphone applications
- **Search** by keyword or use the Advanced Search facilities
- **Follow references** using CrossRef's active linking

Keep up to date with the latest news: visit [www.tandf.co.uk/libsite](http://www.tandf.co.uk/libsite)

# The Science & Technology Library

The Taylor & Francis Science & Technology Library provides online access to a broad range of content in five subject areas via our new platform, Taylor & Francis Online.

The Taylor & Francis Science & Technology Library covers current content from over 300 peer-reviewed academic journals, plus a backfile stretching back to 1997, where available. Connect your users with the latest research developments from our list of highly regarded science titles in a cost-effective way.

## The Taylor & Francis ST Library delivers essential content in the following areas:

Chemistry

Engineering, Computing & Technology

Environment & Agriculture

Mathematics & Statistics

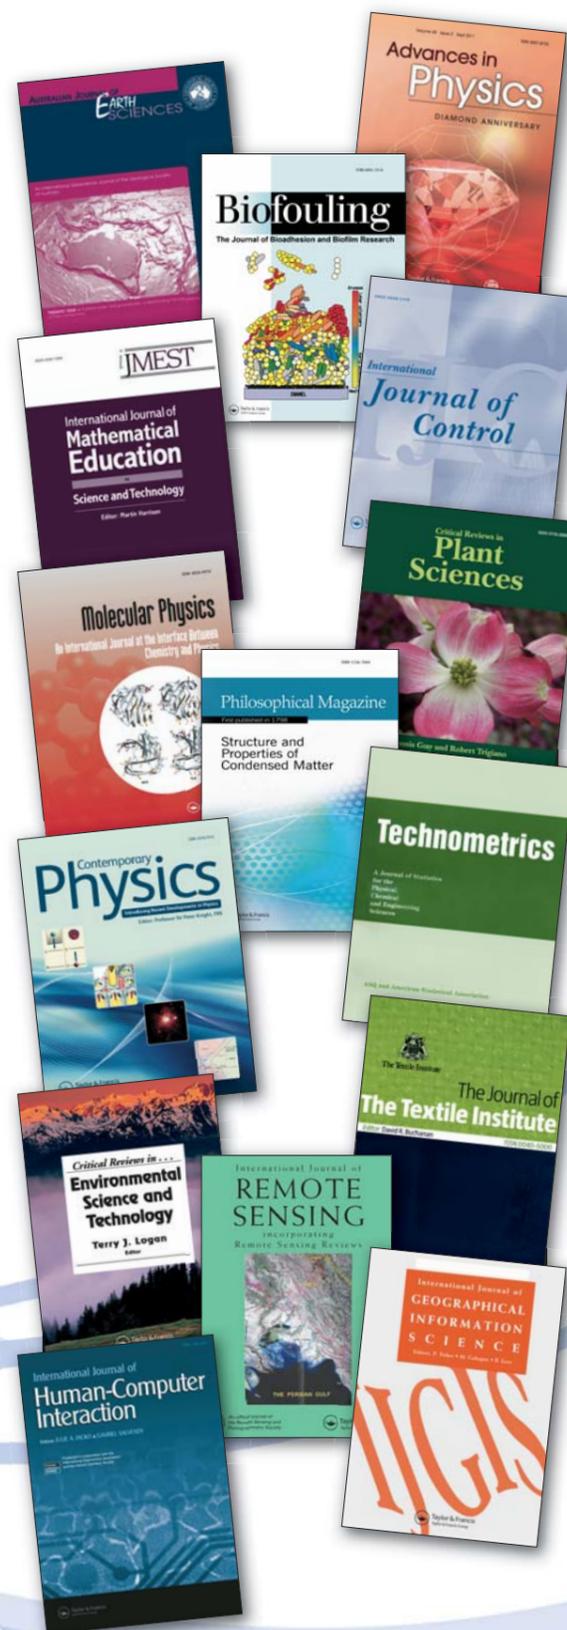

Physics

## International Society Affiliations

Many of the journals included in the Taylor & Francis ST Library are published on behalf of prestigious societies, organisations and associations such as:

- ▶ American Association for Aerosol Research
- ▶ American Fisheries Society
- ▶ American Statistical Association
- ▶ British Psychological Society
- ▶ European Society for Engineering Education
- ▶ International Association of Environmental Analytical Chemistry
- ▶ International Association of Vehicle System Dynamics
- ▶ International Building Performance Simulation Association
- ▶ Remote Sensing and Photogrammetry Society
- ▶ The Royal Society of New Zealand
- ▶ The Textile Institute

## Research with Impact

Keep users up-to-date with cutting edge research: over 90% of Taylor & Francis journals in the Science & Technology Library are listed in Thomson Reuters' Citation Indexes/Web of Science®.

- ▶ **Advances in Physics**, ranked 2/68 in the Condensed Matter, Physics category with a 2010 impact factor of 21.214
- ▶ **Biofouling**, ranked 5/92 in the Marine & Freshwater Biology category with a 2010 impact factor of 3.333
- ▶ **Catalysis Reviews-Science And Engineering**, ranked 13/127 in the Chemistry, Physical category with a 2010 Impact Factor of 7.000
- ▶ **Critical Reviews in Solid State and Materials Sciences**, ranked 10/68 in the Condensed Matter, Physics category and 14/222 in Material Science Multidisciplinary category with a 2010 impact factor of 6.143
- ▶ **Human-Computer Interaction**, ranked 1/19 in the Cybernetics, Computer Science category and 4/97 in the Theory & Methods, Computer Science category with a 2010 impact factor of 4.000
- ▶ **International Reviews in Physical Chemistry**, ranked 14/127 in the Physical Chemistry category with a 2010 impact factor of 6.528
- ▶ **Polymer Reviews**, ranked 2/79 in the Polymer Science category with a 2010 Impact Factor of 8.000

All figures ©2011 Thomson Reuters, 2010 Journal Citation Reports®

## Eminent Editors

Provide your users with academic research edited by prestigious editors including:

- ▶ Professor David Sherrington, FRS, editor of **Advances in Physics**, winner of the 2010 Blaise Pascal Medal in Physics of the European Academy of Sciences
- ▶ Professor Imad L. Al-Qadi editor of **International Journal of Pavement Engineering** honoured in the ASCE's 2010 class of Distinguished Members.
- ▶ Professor Jeremy Hutson, FRS, editor of **International Reviews in Physical Chemistry** has been elected the recipient of a Humboldt Research Award for 2010
- ▶ Sir Peter Knight, FRS, editor of **Contemporary Physics**, Professor of Quantum Optics at Imperial College London and Principal of the Kavli Royal Society International Centre, UK
- ▶ Professor Sir Tony J. Leggett, editorial board, **Contemporary Physics**, 2003 Nobel Prize in Physics

## About Taylor & Francis

Taylor & Francis Group publishes over 1,500 journals under three imprints: Taylor & Francis, Routledge, and Psychology Press.

## Taylor & Francis is

**Collaborative** – working with researchers, scholarly societies, universities and libraries worldwide to bring knowledge to life. As one of the world's leading publishers of scholarly journals, books, ebooks and reference works our content spans all areas of Humanities, Social Sciences, Science and Technology.

**Here to help** – from our network of offices in Oxford, Philadelphia, Melbourne, Singapore, Beijing, Tokyo, Stockholm, New Delhi and Johannesburg, Taylor & Francis staff provide local expertise and support to our editors, societies and authors and tailored, efficient customer service to our library customers.

**First for authors** – we offer support to all Taylor & Francis authors via our dedicated Author Services and Production teams. We use technology to assist our authors from the moment they submit a paper through to publication, providing them with high quality, reliable and rapid production. Our goal is to maximise dissemination of our authors' work, to register their claim to that work and help them gain recognition and esteem from their peers.
